## REMARKS

The figures of births and deaths shown in this statement for week ending the 29th December 1956 relate to 132 towns with an estimated population of 20,846 thousands. Information about Andhra Pradesh, Assam, Bihar, Madhya Pradesh Pondicherry, and West Bengal could not be included. The total number of towns is 318 and their population is 41,584 thousands. Thus 42% of the total number of towns representing 50% of the total population is covered in this

statement. The number of births and deaths recorded in these towns were 13,855 and 5,332 representing birth and death rates of 34·6 and 13·3 per thousand of population respectively.

No town recorded a high death rate of 50 or over per thousand of population. The following table gives the position by States.
